家教會主席的話

我們很榮幸能成為基法小學的一份子。回想七年前，大女眷眷在基法讀小一，有一次，她因身體不適而需住院一星期，回校後，她收到老師及同學的慰問卡，此事令我覺得基法是洋溢着關愛的學校，而我們一家對基法的情亦在此時開始萌生。

直至上任校長黃校長離職前鼓勵我參與家教會的工作，我感到被提攜，便以學習的心來幫忙。去屆家教會主席和家長義工是我學習的好榜樣，因為他們努力地推動家校合作，使基法的學生得到最大的福氣。

我作為家長校董，希望各位家長和同學為基法向天父祈禱，祈求主帶領翁校長、楊副校長、各位老師，及家教會的幹事們，一起當個好管家。我更希望每一位在基法小學讀書的學生，能決志信主耶穌，得著永恆的盼望。我送給大家一句聖經金句：[除祂以外，別無拯救，因為在天下人間，沒有賜下別的名，我們可以靠着得救。](聖經·使徒行傳 4:12)

祝大家身心健壯，榮耀歸主名。

校長的話

發揮恩賜 再闖高峰

聖經《馬太福音》透過比喻讓我們知道天父賜給每個人都有不同的恩賜(才能)，並提醒我們善加運用。我們每一個人都有不同的潛能與特質，若果能夠按着自己的長處努力不懈、加以發揮，定必能事半功倍。學校其中一個重要的角色，就是發掘學生的潛能，鼓勵和多給予展示的機會。

本學年，在老師們悉心的栽培下，基法學生積極參與多方面的活動及比賽。同學們勇於嘗試、迎接挑戰。他們在不怕困難及凡事盡力的精神下，闖出了不少的佳績。正如聖經所言「人在最小的事上忠心、在大事上也忠心」(路16：10)，盼望同學們從小做一個努力學習及勇於嘗試的人，深信小朋友的潛能無限，只要樂意及盡力，定必能創造傳奇。

本年度，同學們積極參與各類多元化的活動，大家可透過以下QR Code，了解本校更多的校園生活。

Jane's bad day

Today, Jane woke up at half past seven in the morning. Jane's mum said, 'Jane! You are late! Wake up now! It's time to go to school!' Jane felt so afraid after she heard what her mum said. Her mother took her school bag and said, 'You should quickly eat your breakfast and run to school.' Her mum was so worried.

Ten minutes later, Jane quickly wore her school uniform. Her mother bought her breakfast, but she did not have time to eat it. After that, she ran out of her bedroom hurriedly. She forgot to bring her textbooks and homework to school.

After a while, Jane remembered that she did not bring her textbooks and homework. She felt worried, so she ran back home and got her textbooks. At the end, she was late for school. Jane's teacher punished her and asked her to stand for 5 minutes at the back of the classroom. She had a bad day.

Subject: My birthday party

Dear Miss Wong,

Next Friday will be my birthday. Our group is going to have a birthday party to celebrate my birthday. Our groupmates are going to buy some food and drinks for the party. Let me tell you about it.

Harris likes eating chicken wings. He would like to have plenty of chicken wings. Jason loves ham sandwiches. He would like to have plenty of ham sandwiches. Samuel's favorite food is ham sandwiches. Anya likes plenty of fruit punch. I would like to have plenty of chicken nuggets.

At the end of the party, we are going to play musical chairs and 'Simon Says'. We are going to step on the balloons, too. I think we are going to have a great time. Miss Wong, what do you think about our party food and drinks, we would like to invite you to join us. Would you like to come to the party?

I look forward to hearing from you!
Love,
Ken

My favorite festivals

Hong Kong has many festivals including traditional Chinese festivals and Western festivals. I enjoy having different festivals. Chinese New Year, the Mid-Autumn Festival and Christmas are my favourite festivals.

Chinese New Year is in winter. It is the festival that we can visit our relatives and friends. On the first day of the first lunar month, we can watch lion dances, especially in the village in the morning. At night, we can watch the attractive parade in Tsim Sha Tsui. We can also buy peach blossoms and mandarin trees in the flower market before Chinese New Year to decorate our flat. Some people will also make turnip cakes and put candies and melon seeds in the candy box. I like this festival because I can receive many red packets from my relatives.

The Mid-Autumn Festival is in autumn. It is on the fifteenth day of the eighth lunar month. We can eat different flavours of snowy mooncakes, traditional mooncakes, starfruit and pomelos. We can also play with lanterns and watch the beautiful round moon in the park. I like this festival because I can eat tasty mooncakes and play with lanterns with my cousin.

Christmas is in winter. Christmas Day is on the twenty fifth of December. People celebrate this festival because of the birth of Jesus Christ. There are lots of different activities that we can do, such as sending Christmas cards, exchanging presents with friends and singing Christmas carols. Turkey, Christmas pudding, candy canes and sausages are some of the food that we can eat for Christmas dinner. We play and eat together joyfully. We also decorate a plastic Christmas tree with Christmas decorations.

I like these three festivals because I can taste a lot of delicious food. Furthermore, I can enjoy these festivals with my family and friends.

An Outing

I am a member of the Cubs. This youth group always organizes different activities such as camping, orienteering and picnics. Last week, my youth group held an outing. The weather was very good in the morning. We went to Sai Kung Country Park by bus. Although the travelling time was quite long from Kwun Tong to Sai Kung, we were still very excited.

After we arrived there, we walked along the educational track. I would rather play computer games at home than walk along the educational track because it is too boring and tiring for me. We saw different kinds of animals there. We saw butterflies, bees and birds. Also, there were some cows! We were very surprised.

At noon, we all felt very hungry, so we went to the barbecue site. My leader was very kind and friendly because he prepared all the food that we like for us. We ate so much food such as sausages, chicken wings, beef and seafood. They were delicious. When we were cooking our food, my friend Ben dropped his chicken wings. He was disappointed. A naughty boy from our group took a photo of a girl when she was eating sausages. Her hands got dirty and she looked messy. She was angry with him.

After lunch, some of us played some interesting and funny games such as playing hide-and-seek and playing ball games. Our leader used his guitar to play some music. When our leader was singing a song, a boy who was playing ball games pushed him. "Boom!" The guitar broke. Our leader said angrily, "Do you know it is very expensive?" The boy said sorry to him, but our leader was still very angry with him.

When we were packing our belongings, the weather turned bad. It rained. There was a thunderstorm. We ran to the bus stop quickly. When we were running to the bus stop, Ben fell down. He hurt his legs. Our leader called the ambulance.

Now, Ben has already recovered and becomes strong again. I hope I can go to Sai Kung Country Park with my groupmates again.

基法小學科技編程教育

本年度我們讓學生透過不同的嘗試和實踐，如全班式機械人、編程學習、光雕製作團隊建立等，讓學生學習及深入了解STEM科研技巧，培養學生探究的興趣和技巧。

我們又著手改造本校電腦室，成為學生全新的STEM學習空間，建立更大的學習空間讓學生進行探究式學習，以提供最合適的環境和硬件來培養及強化學生的創造力、協作和解決問題能力。

常識科着重學生的多元化學習經驗，透過全方位學習，擴闊學生的視野，並提升學生的學習興趣。本年度的三年級和四年級學生分別進行了「水耕種植」和「魚菜共生」的學習活動，其餘各級亦有不同的科學與科技探究活動，藉此培養學生探究的精神及對科學的興趣。

常識科亦重視學生動手做的過程，因此會把生活中的小技能融入課程中，如摺衣服、處理藥物、急救等，讓學生不僅從書本上學習知識，更能透過不同的活動活學常識。
